Policy benefits and Excess:

See the table overleaf for a summary of the policy benefits and excesses that apply for your chosen policy.

Before you travel

Changes in health:

You must tell us immediately if any insured person has a change in their health (even if no trips are booked), as this can affect the cover we provide. Failure to do so could affect future claims.

This includes:

- changes in your health and/or hospital admissions
- changes to the answers provided within the conditions you have declared e.g.
 - your medications may have increased or decreased;
 - you told us you had a heart attack less than 6 weeks ago but that is now more than 6 weeks ago; or
 - you told us you broke a bone less than three months ago but that is now more than three months ago
- being placed on a waiting list for further tests/investigations and/or treatment
- diagnosis of any new medical conditions, an incidental finding leading to diagnosis of a new condition or awaiting diagnosis.

Managing your policy is easy. You can do this through the Travel portal or just go to <https://www.admiral.com/contact-us/travel> for all your contact options. Alternatively, you can call 0333 234 9913. Calls to 03 numbers will cost no more than calls to national geographic numbers (starting 01 or 02) from both mobiles and landlines.

If you need to make a claim
